EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on March 14, 2005, Bradley Lytle requested an extension of time for ONE MONTH(S) and authorized the Director to charge Deposit Account No. 15-0030 the required fee of \$120 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Please cancel Claims 29, 30 and 37.

DETAILED ACTION

1. Applicant's communication filed on February 16, 2005 has been carefully studied by the Examiner. The arguments advanced therein, considered together with the amendments made to the claims, are persuasive and the rejections based upon prior art made of record in the previous Office Action are withdrawn. Claim 37 is canceled by Examiner's amendment. Claims 1-36 and 38 are pending.

Allowable Subject Matter

2. Claims 1-28, 31-36 and 38 are allowed.

Art Unit: 2874

3. The following is an examiner's statement of reasons for allowance: The modification of Tadakuma et al. (of record) in view of Yatsu et al. (of record) to comprise an optical mirror that includes a fiber loop to arrive at the invention of claims 1, 14, 22, 31, 35 and 38 would not have been *prima facie* obvious since the modification would substantially change the principle of operation of Tadakuma et al. Therefore, claims 1-28, 31-36 and 38 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
